

Student Activity Construction 15a

Use in connection with the interactive file “construction 15a” on the Student’s CD.

Construction 15a: To construct a rectangle given side lengths. (Protractor)

1. Construct a rectangle ABCD given $|AB| = 5\text{cm}$ and $|BC| = 6\text{ cm}$.

2. Construct a rectangle PQRS given $|RS| = 3\text{cm}$ and given its diagonal as 5 cm in length.
