

The team would like to wish you all well on your return to school. We have a number of supports scheduled for the year ahead - details of which are provided below. To find out more, contact us on [postprimarymaths@pdst.ie](mailto:postprimarymaths@pdst.ie).

**School Support:** PDST advisors are available to support schools with their specific needs in relation to the teaching of Mathematics. To book a school support session, log onto [www.pdst.ie/schoolsupport](http://www.pdst.ie/schoolsupport) using your school's roll number and the following password: **Schoolsupport2020**. Please note all school supports should be booked in consultation with school management.

**Online Workshop:** This webinar will explore approaches to teaching Mathematics to support student learning in the current climate. The use of rich Mathematical tasks in a blended learning environment will be explored through a mixture of presentation, participant discussion and a question and answers session – all facilitated by PDST Post-Primary Maths advisors. To sign up please follow this link: [www.tinyurl.com/PDSTOnlineMathsWS](http://www.tinyurl.com/PDSTOnlineMathsWS)

**Professional Learning Community:** To support teachers in the teaching of Maths, we will be running online Professional Learning Communities, starting in October. The PLCs will involve small groups of teachers meeting to share their practice and experiences. To express your interest in this initiative, fill out your details here: [www.tinyurl.com/PDSTMathsPLCEOI](http://www.tinyurl.com/PDSTMathsPLCEOI)

**Resources:** Resources for the teaching, learning and assessment of Mathematics are available on Scoilnet at [www.scoilnet.ie/goto-post-primary/maths/PDSTdaily/](http://www.scoilnet.ie/goto-post-primary/maths/PDSTdaily/). Information on distance and blended learning is available at <http://www.pdst.ie/DistanceLearning>. We will continue to update these pages in the coming weeks.
