

In response to teacher feedback, the PDST PP Maths team are offering a series of additional supports over the next three weeks. To accommodate teachers in the current climate, these events will be short in duration and offered at a variety of times. Teachers may sign up to as many sessions as they would like. Instructions for attending your selected event will be forwarded after signing up.

Drop-in Clinics

We'll be hosting open clinics from 15:30 - 17:30 over a number of days. You can book a 20-minute time slot with a member of our team, to discuss any questions you have around remote / blended teaching of Maths. Some suggested areas to focus on include:

- Assessment in Mathematics
- Digital tools to support Maths teaching
- Rich tasks & Differentiation
- GeoGebra
- Using your VLE to support teaching

To book your time slot, click [here](#).

Remote / Blended Maths

Each event will start with a short overview of the designated theme which is related to remote / blended teaching of Maths, followed by a 20 minute Q&A session. Questions around the theme may be asked during the event but we also encourage attendees to submit questions in advance.

To attend the event, register [here](#). This form will also allow you to submit questions on the given theme.

Date	Time	Support
Tues 26/01/2021	15:30 - 17:30	Drop-in Clinic
