

# Inferential Statistics Seminar

This seminar explores the teaching and learning of Inferential Statistics from the point of view of developing students' conceptual understanding. Throughout the seminar teachers will explore how to build on students' prior knowledge using real-world situations, visual representations and digital technologies to understand:

**Z-scores**

**Confidence intervals**

**Hypothesis Testing**

All attendees will receive a class set of data cards to support the teaching of inferential statistics.

To book your place, go to [pdst.ie/onlinebooking](https://pdst.ie/onlinebooking). Places will be allocated on a first-come, first-served basis so book early to avoid disappointment.
