

Transition Year Spatial Skills Programme Information Webinar

Monday 23rd May 16:15 - 17:30

Why are spatial skills important?

Spatial skills are recognised as an important enabler of success for learners in STEM and a contributor to the development of individuals' creativity, innovation and capacity for problem solving. Spatial skills are malleable and so can be taught.

This PDST programme will engage TY students in a series of modules with the specific aim of developing their spatial skills.

To find out more, join our information webinar on
Monday 23rd May at 16:15.
