

Online GeoGebra Course

This course will provide an opportunity to:

- Upskill in the use of GeoGebra.
- Explore the benefits of using GeoGebra to support a Constructivist approach to the teaching, learning and assessment of Mathematics.
- Engage with and create problem-solving resources to bring to the classroom to promote student enquiry and independent learning.

This course will consist of:

5 interactive online evening workshops (2 - 2.5 hours).

Workshop Dates:

17th November, 8th December, 12th & 19th January and 2nd February

Information Webinar

Anyone wishing to participate in this online course must first attend this information webinar, where we will present an overview of the course including a description of the entry requirements and information on how to enrol.

Thursday October 20th 17:30 - 18:15

Book your place at the information webinar online at www.pdst.ie/onlinebooking. Places will be allocated on a first come first served basis so book early to avoid disappointment.
